Education

Doctor of Philosophy (Psychology)

Adelaide University, Adelaide, Australia
2023 – Present

Thesis: Interpretation and Production of Emotion in Family Contexts

Supervisors: Dr Nicole Nelson, Dr Mark Kohler

Honours Degree of Bachelor of Psychological Science

The University of Adelaide, Adelaide, Australia
2022

Class: First Class Honours

Thesis: The role of parent gender in infant-directed emotion expression in an established database of infant headcam videos

Bachelor of Psychological Science

The University of Adelaide, Adelaide, Australia
2019 – 2021

Research Experience

PhD Candidate – Develop Well Research Group

The University of Adelaide | 2023 – Present

Supervisors: Dr Nicole Nelson & Dr Mark Kohler

- Leading a program of research exploring how children learn to express, interpret, and communicate emotion across early childhood and adolescence
- Investigating emotional communication within families, including parent–child and sibling interactions
- Utilising mixed methods including behavioural observation, audiovisual stimuli, and repeated-measures designs
- Experienced in advanced statistical analysis using R and Jamovi, including mixed-effects modelling and emotion coding
- Research situated within developmental, social, and cognitive psychology

Honours Student Researcher

The University of Adelaide | 2022

Supervisor: Dr Nicole Nelson

- Conducted an independent thesis examining parental gender differences in emotional expression toward infants
- Analysed audiovisual data from infant point-of-view headcam recordings
- Presented findings at the Australasian Experimental Psychology Conference (EPC), Adelaide, 2024

<http://dx.doi.org/10.2139/ssrn.6175290>

Palmer, K., Buttle, H. M., Kohler, M., Fong, F. T. K., & Nelson, N. L. (2026). Parent-Child Facial Expression Recognition: The Role of Familiarity in Interactive Contexts.

Manuscripts in preparation

Honnef, S., Palmer, K., & Nelson, N. L. (2026). Familiarity and the accuracy of emotion perception and patterns of eye gaze using genuine dynamic facial expressions.

Conference Presentations

Palmer, K., Buttle, H. M., Kohler, M., Fong, F. T. K., & Nelson, N. L. (2025). Parent-child emotion recognition: The role of familiarity in interactive contexts. Oral presentation at the joint Australasian Experimental Psychology Conference (EPC) & Asia Pacific Conference on Vision (APCV), Sydney, NSW, Australia.

Palmer, K., Holdsworth, I., Rayner, C., Tuza, A., Van Der Zant, T., & Nelson, N. L. (2024). Infant-directed emotional expressions in everyday life: The role of parent gender and infant age. Poster presented at the Australasian Experimental Psychology Conference (EPC), Adelaide, SA, Australia.

Van Der Zant, T., Holdsworth, I., Palmer, K., Rayner, C., Tuza, A., & Nelson, N. L. (2022, November 24–26). Emotional expressions in infants' environment. Conference presentation at the Society of Australasian Social Psychologists, Adelaide, SA, Australia.

Teaching Experience

Tutor & Marker – Introductory Research Methods in Psychology (PSYC1000)

Adelaide University | 2026

- First-year course on research methods in psychology
- Core focus on quantitative designs, qualitative designs, and research ethics
- Teaching across 3 tutorial groups, weekly. One class hosted online only.
- Marking for 3 assignments across the semester.

Tutor & Marker – Research Methods in Psychology (PSYCHOL 1004)

The University of Adelaide | 2024 – 2025

- First-year course on research methods in psychology
- Led 3–5 tutorial groups, fortnightly
- Marked written Applied Paper assessment
- Invigilated end-of-semester exam

Tutor – Foundations of Health & Lifespan Development (PSYCHOL 2005)

The University of Adelaide | 2024

- Second-year course on development across childhood, adulthood and older age
- Taught topics including resilience and play & independence
- Delivered 15 tutorials over a two-week block

Tutor & Marker – Health & Lifespan Development (PSYCHOL 3021)

The University of Adelaide | 2024 – 2025

- Third-year course covering psychological and social influences on health
- Topics included mental health, culture and infancy, adolescent development
- Led 3 tutorial groups, fortnightly
- Marked Registered Report assignments

Research Skills & Methods

• **Statistical Analysis & Software**

- Proficient in Jamovi, R Studio, Excel; experienced with GLMMs, LMMs, and ANOVA
- Data wrangling, behavioural coding, and visualisation

• **Research Equipment & Software**

- Trained in iMotions and Affectiva AFFDEX
- Experienced with Tobii eye-tracking cameras and AOI analysis

• **Research Design & Data Collection**

- Designed and ran lab and museum-based studies with children aged 4–12

- Created Qualtrics studies including gamified tasks with embedded videos
- **Academic Communication & Peer Review**
 - Peer reviewer for: Cognitive Development, Affective Science, Psychological Science
 - Presented at national conferences; strong APA writing and manuscript prep skills
- **Teaching & Academic Support**
 - Delivered tutorials, marked assessments, and supported student learning across levels

Awards & Scholarships

University of Adelaide Research Scholarship (UARS)

The University of Adelaide | 2023 – Present

- Competitive HDR scholarship awarded based on academic merit and research potential

Excellence in Tutoring Award – Nominee

School of Psychology, The University of Adelaide | 2024

- Nominated for outstanding undergraduate teaching

Referees

Dr Nicole Nelson

Senior Lecturer, School of Psychology, Adelaide University
